

# CSS3 - Ejercicios

**CODE  
SPACE**  
ACADEMY

## Ejercicio final

El equipo de diseñadores gráficos de nuestra empresa nos envía el siguiente diseño especificando sólo algunos aspectos del mismo. Debemos ser capaces de replicarlo con código real de la forma más fiel posible.

### Páginas

- index.html
- login.html

### Fuentes

**font-family:** Inter, system-ui, Roboto, Helvetica, Arial;  
Inter disponible [aquí](#). *Se puede importar la url directamente como un CSS.*

### Colores

- |                         |                        |                       |
|-------------------------|------------------------|-----------------------|
| • purple-light: #7e3af2 | • green-light: #def7ec | • gray-light: #f4f5f7 |
| • purple-dark: #6c2bd9  | • green-dark: #0e9f6e  | • gray-dark: #24262d  |
| • orange-light: #feeddc | • teal-light: #d5f5f6  |                       |
| • orange-dark: #ff5a1f  | • teal-dark: #0694a2   |                       |
| • blue-light: #e1effe   | • red-light: #fde8e8   |                       |
| • blue-dark: #3f83f8    | • red-dark: #e02424    |                       |

## Ejercicio final (cont.)

Aspecto final aproximado de login.html para escritorios y para móviles.

***Las capturas originales están disponibles en el campus.***

The desktop view of the login form is displayed on a light gray background. On the left, there is a decorative image of a desk with three small potted plants, a notebook, and a pen. The login form is a white card with a soft shadow. It features a 'Login' title, an 'Email' input field with the placeholder 'Jane Doe', a 'Password' input field with masked characters, a purple 'Log in' button, and two social login buttons for 'Github' and 'Twitter'. At the bottom, there are links for 'Forgot your password?' and 'Create account'.

The mobile view of the login form is shown on a light gray background. It features a decorative image at the top with three potted plants. The login form is a white card with a soft shadow, containing a 'Login' title, an 'Email' input field with the placeholder 'Jane Doe', a 'Password' input field with masked characters, a purple 'Log in' button, and two social login buttons for 'Github' and 'Twitter'. At the bottom, there are links for 'Forgot your password?' and 'Create account'.

## Ejercicio final (cont.)

### Recomendaciones

1. Para no tener que repetir los códigos de colores, podemos usar variables globales. Ejemplo:

```
:root {  
  --purple-light: #7e3af2;  
}  
  
.button {  
  background-color: var(--purple-light);  
}
```

[Enlace a la documentación.](#)

2. Para generar imágenes de perfil dummy, podemos utilizar imágenes generadas por IA de personas que no existen [en este recurso](#).

## Ejercicio final (cont.)

### Recomendaciones

3. Empezar por la página de login, que es más sencilla.
4. Utilizar paddings para generar espacio interno en contenedores y otros elementos.
5. Utilizar márgenes para evitar que los elementos estén pegados.
6. Utilizar FlexBox para posicionar los elementos que lo necesiten dentro de contenedores.
7. Utilizar CSS Grid sólo para aquellas partes que lo necesiten.
8. Intentar ser fiel al diseño sin obsesionarse de forma excesiva con los detalles.
9. Apoyarse en el grupo para avanzar más rápido sin enviar / pedir soluciones completas.

A por ello. 🙌
